

Reading

It has been lovely to read with each child over the last few days. It is important for us to get to know them as readers. Going forward, your child will be allocated a book on Bug Club as well as bringing home a physical book to read with you each week.

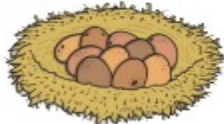

Our expectations are that you will read with your child each day. Even five minutes a day will have a great impact on your child's progress. We really want to create a culture of reading for pleasure so children are always welcome to borrow books from the class library. They can also bring books in to share with their friends (with your permission).

Phonics

We have been recap-ping our sounds from Phase 4 phonics. Have a go at this activity.

Look at the picture. Say the word. Join the letters to build the word. Write the word in the boxes.

say it	join it	write it
	t e r d g a n t	
	c o m l l a n p	
	n e l t f u s k	
	p e f d b o n t	

Maths - What are these numbers?

 tens 	 ones

Science— Living Things and Their Habitat

This week we started our science topic! This topic has a cross-curricular link with our Geography learning this half term which is all about Antarctica.

Can you find out about different animals and their habitats?
